Court Appointed Special Advocates  
FOR CHILDREN  
CASA KENDALL COUNTY

## **MISSION**

CASA Kendall County is a nonprofit membership organization which advocates for the best interest of children who have experienced abuse and neglect. We train and support dedicated community volunteers who serve as court appointed advocates to protect a child’s right to a safe and permanent home.

We are the child’s voice in court.

## **VISION**

We believe that every child has the right to grow up in a safe, nurturing and permanent home; and deserves the support and involvement of their community to make this all possible.
